

Waste Management Fees - Decree No. 113 of 2022

Overview

On 19 June 2022, Decree no. 113 of 2022 was issued by the Minister of Environment in application of the Waste Management Law no. 202 of 2020 to specify the fees for issuing the licenses and approvals for waste management activities (the “**Decree**”). The Decree was circulated in the Official Gazette on 24 August 2022.

Highlights

- The Decree includes three fee schedules for waste management licenses and approvals, as follows:
 - a- The license fees for non-hazardous waste management activities (collection and transportation, treatment plants and sanitary landfills);
 - b- The approval fees and categories regarding the circulation of hazardous waste and materials; and
 - c- The permit fees for the import of hazardous waste and materials.

It is worth noting that the aforementioned fees are separate to VAT payment.

- The Waste Management Regulatory Authority (the “**WMRA**”) shall receive 0.5% of each municipal waste management contract entered into by the competent administrative authorities in return for the technical reports evaluating the performance of the relevant service providers in the implementation of the administrative contracts.
The collection of such amounts shall begin one year from the Decree’s entry into force.
- The proceeds of the amounts prescribed in the Decree shall be transferred to the WMRA’s account, and the value-added tax shall be transferred to the Tax Authority.
